PARSIPPANY, NJ – Yesterday, the Gloucester County Republican Executive Committee announced their endorsement of Chris Christie’s candidacy for Governor, awarding him “the line” for their primary election.

Christie has built an impressive level of grassroots support in the county. 81% of the county’s Republican elected officials (30 of 37), both members of the State Committee and 12 of the county’s municipal chairs have endorsed Christie.

“We will win Gloucester County in the primary and general elections with a strong, unified Republican party,” said Christie. “I will change the Corzine status quo in Trenton by cutting taxes, eliminating wasteful spending and bringing jobs back to our state.

Including Gloucester, thirteen counties - Monmouth, Union, Essex, Camden, Burlington, Cape May, Passaic, Ocean, Bergen, Hudson, Mercer, and Cumberland - have endorsed Christie. Christie has swept all of the county and district endorsements awarded to this point.
