Washington Township Mayoral Candidate Kevin P. Murphy leads “Team Murphy” in Cleaning-Up Washington Township at 8th Annual Community “Clean-Up Day”

Washington Township, NJ - (October 17, 2011) – Washington Township’s Republican Mayoral candidate Kevin P. Murphy joined forces with other Washington Township Residents, taking part in the 8th Annual Community-wide “Clean-Up Day” held Saturday, October 15th throughout Washington Township. “Team Murphy” collected many trash bags of debris along the Cross-Keys Bypass, collectively adding to several yards of trash collected by Washington Township.

As both a volunteer and sponsor of “Clean-Up Day”, Mayoral Candidate Kevin Murphy said, “We are thankful for organizations like the Washington Township Environmental Commission, since without organizations like these, our natural resources would ultimately suffer the repercussions of pollution and littering. It is important to unite our community and today’s youth toward understanding environmental importance and this organization has successfully accomplished this.”

This annual event is organized by the Washington Township Environmental Commission, composed of resident volunteers and sponsors committed to making a difference. The Washington Township Environmental Commission’s objective and purpose is to promote conservation and development of the municipality’s natural resources and to provide educational leadership.

Kevin Murphy further noted, “You do not realize how much litter is discarded along Washington Township roads until you volunteer to help out a great cause like “Clean-Up Day” organized by the Environmental Commission. It was great to see the number of volunteers that devoted their time to make a personal difference.”

The event concluded with a bar-be-cue picnic in the park, where all volunteers had lunch at Washington Lake Park’s picnic pavilion. Lunch included donated food items from local food stores and businesses, including New Jersey Senate Candidate Giancarlo D’Orazio’s donation of gelato’s compliments of LaGelato.

About WTGOP: The Washington Township GOP is the official Republican organization in Washington Township. The organization consists of the Republican Executive Committee and the Republican Club. Our mission is to work with the elected officials and residents of Washington Township to further the ideals of our community. We strive to elect officials that will be accessible and accountable to the Washington Township residents. For more information visit our website at www.wtgop.com.
